

Joan,

Sorry, I don't know who Freeman's children were. If that is important the 1880, 1890, 1900 census could tell you. Duke's Co census for Chilmark.

I don't remember the lot number for the cemetery and couldn't find the card again at the town hall.

I do not know the date of birth either.

The information refs are on the right side of the info. Here's the key;

br birth record at Chilmark town hall in book recording that year.

2mr31 second volume marriage record page 31. Book at town hall.

dr death record in town hall book recording deaths for that year.

trp town report for that year

cc Chilmark cemetery

cs census for that year

3tr175 third volume town records page 175 in town hall vault

Fdg I think this was in probate office

3.tr40 third volume town records page 40

mts01 minutes for the society at the Chilmark library

Sorry I don't know a lot about this guy, as I have not researched him in particular as he is not in direct line in the strictest sense.

These are notes I've come across in the hunt for other relatives.

Hope this helps.
